

Democracy

How is our school democratic?

How we learn from our democracy...

We vote for our house captains who represent us as head of our house. They help organise events, motivate us through speeches, let us know how many house points we have achieved and receive awards on our behalf.

To **encourage** each other, and to **respect** each other's house. We understand the importance of everyone having an **equal** vote in life.

In every class we are given the opportunity to vote for our School Council Representative who has the responsibility of taking our class ideas and being our voice in whole school decisions.

We understand that our ideas are **respected** and valued. We trust that our leaders in life will make decisions in our best interests.

We regularly have the chance to meet with our teachers to discuss our thoughts and feelings on our school curriculum.

Not be afraid to have an opinion and know that our voice is valued.
