Ash Wednesday was the day after you most likely ate lots of pancakes? Easter Sunday is when you most likely eat a lot of chocolate!

*How many days and nights did he spend in the desert? There is a clue in the calendar.*

How many days are there between the 17<sup>th</sup> February and

Christians are reminded to think about their own lives during Lent. The hunger reminds them to be thankful for what they have got whilst at the same time reminding them to help others in the UK and around the world that do not have enough food to eat.
